

Objective To obtain a full-time position in an innovative, fast-paced environment in which I can develop my web development, design, leadership, and communication skills

Education **Bachelor of Science in Computer Graphics Technology, Web Development Concentration**
Purdue University, West Lafayette, IN
Minors: Computer and Information Technology, Spanish Language and Literature
Graduation: May 2010 GPA: 3.9/4.0

Work Experience **Student Web Developer** **September 2009 – Present**
Purdue University – ITaP Informatics, West Lafayette, IN

- Work closely with team to design, develop, and implement custom web applications for ITaP, Purdue, and organizations around the state using HTML/CSS, JavaScript, ColdFusion, and Microsoft SQL Server
- Create custom graphics for various Purdue University sites, games, and applications

Web Development/Information Systems Intern **May 2009 – August 2009**
Owens Corning, Toledo, OH

- Developed user interface for company-wide SharePoint collaboration platform built on MOSS 2007
- Worked closely with leadership in Corporate Communications, Global Information Technology, and external vendors to develop a branding strategy for the collaboration platform
- Contributed to the governance model, rollout strategy, and training material for the collaboration platform
- Built custom SharePoint web part as proof of concept that the company's existing web portals could be replaced and built upon the SharePoint platform
- Developed and administered usability tests for an existing employee skills repository, quantified the data, and presented findings to IT leadership
- Modified existing intranet sites written in both ASP and ASP.NET with Microsoft SQL Server

Boiler Television Graphic Designer **February 2007 – May 2009**
Purdue University – Housing and Food Services, West Lafayette, IN

- Designed on-screen advertisements to promote events to residence hall students and university staff
- Managed monthly movie schedule and transferred schedule into software

Graphic Design Intern **June 2008 – August 2008**
ABG, Inc., Indianapolis, IN

- Designed custom templates for e-Learning courses, PowerPoint presentations, and supporting documents
- Created custom illustrations and manipulated photographs that represented processes and scientific data
- Collaborated closely with instructional designers, project managers, and business analysts

Volunteer Experience **Vice President and Webmaster** **May 2007 – Present**
Purdue Women's Volleyball Club, West Lafayette, IN

- Work closely with executive board to plan tryouts, practices, tournaments, and fundraisers
- Design and update club Web site built with PHP, MySQL, and jQuery
- Build sustainable Web site that can be easily transitioned to future Executive Board members and Webmaster, without requiring them to have web development knowledge

Ayuda y Aprende – Purdue Spanish Service Learning **September 2007 – April 2008**
Lafayette Adult Resource Academy, Lafayette, IN

- Taught Spanish speakers in the community English to help with job applications, citizenship tests, etc.
